COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

Route 26 at the Cross St. intersection will be impassable for a few days while the pipes are connected to the sewer outfall line. A detour road has been built to allow traffic past the area.

Equipment to be used in the Sewage Disposal System is being tested in preparation for starting the plant into operation. Some sewage is to be diverted to the holding pools within a few days.

People who will have to change their connections from private septic tanks to the new lines will be notified when to do so. They cannot connect until the three pumping stations are in operation.

Those interested in having their driveways tarred may come to the town office and sign a request for the work. It will be July or August before any tarring is done.

HISTORICAL SOCIETY HOLDS JUNE MEETING

Several new people attended the June 7th Historical Society meeting to hear the speakers, Ronald Kley, and Miss Elizabeth West of the Maine State Museum.

Mr. Kley spoke at length on how to go about furnishing a museum, and made specific helpful suggestions which would apply to the Dr. Mason house. He emphasized not proceeding in haste to furnish, to avoid loans because of the responsibilities and uncertainties involved, and the great importance of having the house reflect the times and personalities of the people who occupied it.

He was pleased to learn that the furnishings committee had already been following procedures he suggested such as determining from probate records, and similar local homes, what were the furnishings of homes comparable to the Mason house. He pointed out that a house in Bethel, Maine, in early nineteenth century would not be furnished like a house in New York or Pennsylvania, but like a small rural town in northern New England. Mrs. Elizabeth Carter, chairman of furnishings, brought out that Dr. Mason did not have a luxurious house, and undoubtedly did not bring family possessions with him although Mrs. Mason's parents were still living where the Norseman Inn is when Dr. Mason built this house, and his parents' deaths occurred in the mid-1830's with their son, Aaron, continuing on his entire life in this same home followed by his bachelor son, Moses, hence the original Mason furnishings stayed for many years—in fact until early 1900's at Mayville in the house, presently the Norseman.

It is known that a few good pieces of furniture were among Dr. Mason's furnishings, and they were sold some years ago. Mr. Kley did advise against trying to create perfect period rooms, as so unlikely that such would have existed. He considered it perfectly suitable as has the committee, to include things that might have been in earlier use in this area.

He strongly emphasized that in accepting gifts, it be understood that the Historical Society become full owner, and acknowledge gifts with complete understanding that that might have been in earlier use in this area.

— Miss Amy E. Henscom, Cor. —
The Town of Newry will receive \$1,000 in Federal Revenue Sharing Funds for Entitlement Period 3, Jan. 1 through June 30, 1973. Federal law requires that the Municipal Officers must file a Planned Use Report to the U. S. Treasury Department, also give the information to the news media. The Selectmen are recommending that \$1,000 be used for Town Officers' Salaries and 1970, placed in a fund to purchase Highway Equipment. This is a preliminary suggestion only. Actual expenditure of the funds must be approved by the voters at the Annual Town Meeting in March 1974. This is in accordance with regulations governing expenditure of Federal Revenue Sharing Funds.

Rev. Bill Gallant, president and pastor of Christ for the Lumberjacks Mission Inc., will be special guest speaker at the Newry Community Church next Sunday. Rev. Gallant is a home missionary who goes into the various lumber camps with the gospel. There will also be an evening service at 7 p. m., when Rev. Gallant will speak and show slides. CARD OF THANKS

I wish to express sincere appreciation for the good service from the Greenwood Volunteer Fire Department in putting out the fire at Lee's Variety Store. To do a superb job as they did, reflects the good training and management, and the use of the limited equipment that they have at their disposal.

I also wish to thank the Fire Department for their help in cleaning up the damage caused by the fire, and the help they have given in repairing the store.

I wish to express thanks to the Bethel Fire Department for responding to the call, and the help that they gave.

I find myself without words to express my thanks to each individual who has helped so much in various ways in time gladly given.

I wish to thank those who have been very generous in materials and cash.

To all I wish to again say thank you very much. One doesn't know how many friends he has until hard luck has really hit; then he sees them come forward to help.

Very gratefully,
Lee Mills

HISTORICAL SOCIETY

—continued from page one—
The Society would use in the way deemed best, even to perhaps eventually disposing of a gift, as no museum should become its community's attic.

He offered the expertise of the Museum staff within certain limitations in training personnel employed to be in charge of the museum, if needed. He urged that such personnel ideally might be found by contacting college graduate students in history, who might welcome the job while working on theses. The officers of the Historical Society would be happy to receive applications for the job of curator now.

Mrs. West, registrar of the State Museum is a person of some 20 years experience in keeping museum records. She made practical suggestions as to how to keep records, of acquisitions, and offered sample forms of acceptance which would recognize the donor's appraisal as tax deductible. She also offered any assistance she might be able to give those caring for records, and referred to books of instruction on this important aspect of conducting a museum.

John T. Grover announced that the work at the house would be done in a few days. President Edward Quinn will then be in charge. Interior paint is yet to be completed. Thus furnishing will not be undertaken at present. The furnishing committee, however, will constantly be looking for suitable things to make a beginning in furnishing all rooms. Mrs. Carter, chairman, reported that some furniture as well as money to purchase a piece of furniture, has been offered. She would like to emphasize that the Committee will be happy to consider any item locally in use prior to 1930.

The rooms to be furnished are parlor, dining room, two bedrooms, kitchen and summer kitchen. There will also be a small area devoted to a display of children's things, and also the Historical Society will be pleased to consider gifts of collections relating to local history — things which will help local young people as well as adults visualize life in Bethel's early days.

President Quinn expressed the appreciation of the members to Mr. and Mrs. Donald Eddy for opening

HEADSTART PROGRAM TO SPONSOR COUNTRY MUSIC SHOW, SUNDAY, JULY 1

Country music lovers in the Bethel area will be getting a look at some of the best in Maine Country, Sunday afternoon, July 1, as the Headstart Program sponsors Rick Wells and his Wagon Wheels at the Theater Auditorium.

The Headstart program benefits those in the communities of West Paris, Bethel, Bryant Pond and Locke Mills. The three hour show starts to begin at 2 o'clock, promises good singing, excellent backing and an excellent clown for youngsters and oldsters.

Wells writes much of his material, some of which he recorded on the St. George International label and stars each Saturday night at the Wagon Wheel Ranch in Steep Falls, Maine.

If there are requests, Rick Wells has promised to do an additional concert that evening of July 1. Prices are moderate; children under 12 are admitted free. It is an excellent opportunity for parents to take their children to see a country concert.

More information may be obtained from a member of the Headstart Program.
